

ECONOLIGHT™

You wouldn't leave the lights on in any other room.

Econolight eliminates approximately 60% of wasted energy of an idle elevator. With Econolight, energy use can go from 24-hours a day to as little as 9.5 hours a day. This would reduce CO₂ emissions by 193,000 tons per year.

Features and benefits

- Conserves energy
- Increases the value of the elevator and building
- Bulbs last longer, reducing maintenance costs
- Energy savings pay for device in five years or less
