

REPLACEMENT GOVERNORS

Power up your freight doors

TK Elevator governors are offered in 12" (305 mm) and 16" (406 mm) diameters to accommodate a variety of rope sizes, and are available for speeds ranging from 100 to 1200 fpm (0.58 m/s to 6.1 m/s). A self-resetting governor 5501 Series designed for MRL applications may be available for modernization jobs to eliminate manual resetting safeties in the hoistway.

Features and benefits

- Designed to accommodate encoders
- Mounting options available for car and counterweights
- Tail weights with sheaves are available for both car and counterweights
- Code Compliant (ASME A17.1-2016 Ed. Section 2.18)
